DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 28, 29, 32-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Luniakin et al.

Luniakin teaches administering lysozyme to a patient for treating pneumonia. Applicant argues that Luniakin teaches using an antibiotic with the lysozyme. Nowhere in Luniakin can such a teaching be found. Lunakin is clear that the lysozyme does treat the disease, see page 3, fourth full paragraph, top of page 7 and conclusion 2.

It is clear from Lunakin that pneumonia is treated and thus the reference anticipates the claims. Further, there is nothing in the claims which requires the use of only lysozyme anyway. Applicant has amended the claims to read that the method consists essentially of administering the lysozyme but does not exclude other active

Art Unit: 1654

ingredients with the lysozyme. Applicant would need to state "administering a therapeutically effective amount of lysozyme as the only active ingredient in the treatment".

Claim Rejections - 35 USC § 103

Claims 28-35 are rejected under 35 U.S.C. 103(a) as being unpatentable over Luniakin et al.

Luniakin teaches that lysozyme is administered to a patient having pneumonia. To use a lysozyme from chicken eggs or produced by fermentation, etc. is simply the choice of the artisan.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1654

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
